Student Handbook for

Master of Engineering in Systems Engineering

and

Master of Engineering in Engineering Management

2018-2019
Welcome to the Master of Engineering Programs in Systems Engineering and Engineering Management at Iowa State University! This student handbook will provide you with general guidelines regarding policies and procedures related to the programs. Please note that the Graduate College Handbook provides more detailed information on the graduate program policies. If for any reason there are inconsistencies between the Graduate College Handbook and this handbook, policies and procedures described in the Graduate College Handbook take precedence. We advise you to review the Graduate College Handbook at http://www.grad-college.iastate.edu/common/handbook/.

The Master of Engineering degree programs in Systems Engineering and Engineering Management are managed through the Department of Industrial and Manufacturing Systems (IMSE) at Iowa State University (ISU). Information on the department and degree programs is located at:

http://www.imse.iastate.edu

Please review this handbook periodically for any updates. We look forward to working with you and wish you the best of success in your studies.

1. INTRODUCTION

1.1. WHAT ARE SYSTEMS ENGINEERING AND ENGINEERING MANAGEMENT?

The systems we are designing today are more complex than ever. Engineers with specialized skills in systems engineering and/or engineering management are called on to help deal with the challenges of managing these complex systems.

The International Council of Systems Engineering (INCOSE) defines systems engineering as follows:

“Systems Engineering is an engineering discipline whose responsibility is creating and executing an interdisciplinary process to ensure that the customer’s and stakeholder’s needs are satisfied in a high quality, trustworthy, cost efficient and schedule-compliant manner throughout a system's entire life cycle.”

The American Society for Engineering Management (ASEM) defines engineering management as follows:

“Engineering Management (EM) bridges the gap between engineering and management. EM is the art and science of planning, organizing, allocating resources, and directing and controlling activities that have a technological component.”
1.2. Systems Engineering and Engineering Management Programs at Iowa State University

The Master of Engineering in Systems Engineering Program and the Master of Engineering in Engineering Management Program are designed to enable engineers, regardless of undergraduate discipline, to develop the analytical abilities needed to design and manage complex systems. The intent of these programs is to extend the ability of engineers to work across disciplinary boundaries and to develop their management and leadership capabilities for today’s work environment.

Iowa State University offers several options in bringing these degree programs to you, so that you can fulfill your professional obligations and enhance your educational credentials. Delivery options include both on-line and on-campus courses.
2. **ADMINISTRATION OF SYSTEMS ENGINEERING AND ENGINEERING MANAGEMENT PROGRAMS**

The following individuals at ISU are available to assist you with any problems or questions you may have.

**DIRECTOR OF GRADUATE EDUCATION FOR SYSTEMS ENGINEERING**

**DIRECTOR OF GRADUATE EDUCATION FOR ENGINEERING MANAGEMENT**

Michael Helwig, Ph.D.
Department of Industrial and Manufacturing Systems Engineering
3032 Black Engineering
Iowa State University
Ames, Iowa  50011
Tel:    515-296-4789
Fax:    515-294-3524
Email:  mhelwig@iastate.edu

**PROGRAM ASSISTANT**

Department of Industrial and Manufacturing Systems Engineering
3038 Black Engineering
Iowa State University
Ames, Iowa  50011
Tel:    515-294-4702
Fax:    515-294-3524
Systems Engineering Email:  systems-eng@iastate.edu
Engineering Management Email:  eng-management@iastate.edu
3. Admission Requirements

Unrestricted admission requires (1) a 3.0 grade point average from an ABET accredited undergraduate engineering program, (2) two years of engineering experience beyond completion of the undergraduate degree or current full-time employment as an engineer, (3) calculus, engineering statistics, and engineering economics. A GRE is not required for this program.

Applicants for admission to the Systems Engineering Program or the Engineering Management Program apply through the Graduate College at Iowa State University [http://www.admissions.iastate.edu/apply/](http://www.admissions.iastate.edu/apply/). Each applicant must submit:

- Application and application fee
- Official academic transcripts
- Three letters of recommendation
- Resume

**Application Deadlines for domestic students (international students should apply as soon as possible):**

- **Spring:** November 15
- **Summer:** April 15
- **Fall:** July 15

The admission process may take several months.

Individuals may also take up to 9 credits at Iowa State as a non-degree seeking student and then transfer them to the program when they are admitted. However, please note that you must apply again to the program if you begin as a non-degree student.

The Master of Engineering in Systems Engineering Program and the Master of Engineering in Engineering Management Program at Iowa State University are focused on supporting full-time working professionals here in the United States. Courses are available either online or in-person.

Common Questions and Points of Note

The following points are questions and/or issues that arise frequently enough that they warrant calling out directly:

- Teaching assistantships, research assistantships and other financial aid are not available via the IMSE Department.
- The elective courses for both programs listed in this handbook are pre-
approved, meaning the Director of Graduate Education (DOGE) has approved
them as electives already. Other elective courses may occasionally be accepted,
subject to approval.

- Transfer credits from another institution must meet certain requirements. See
  the Graduate College Handbook for details.
- A limited number of undergraduate courses may count as part of a student’s
  Program of Study under certain conditions. A 300-level course may be
  acceptable in some cases, but must be outside of the student’s major. For
  example, IE 305 cannot be part of a student’s Program of Study. See the
  Graduate College Handbook for details.
- Once admitted to the program, taking a course or courses not on the approved
  course list with the intent of satisfying program requirements is unacceptable if
  prior approval were not obtained. In other words, it is inappropriate for a
  student to ask for approval of a course to satisfy program requirements after
  the class has commenced or after the class has been completed.
4. **Degree Requirements**

**Systems Engineering Program Coursework-Only Option**

The complete requirements for the Systems Engineering program coursework-only option include the following:

<table>
<thead>
<tr>
<th>Systems Engineering Program</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Intro/Core (required first year)</strong></td>
</tr>
<tr>
<td>IE 563: Engineering &amp; Systems Management</td>
</tr>
<tr>
<td>IE 565: Systems Engineering and Analysis</td>
</tr>
<tr>
<td><strong>Core (required)</strong></td>
</tr>
<tr>
<td>IE 564: Decision Analysis in System Design</td>
</tr>
<tr>
<td>IE 570: Systems Engineering and Project Management</td>
</tr>
<tr>
<td>IE 585: Requirements &amp; Architecture Engineering</td>
</tr>
<tr>
<td><strong>Electives</strong></td>
</tr>
<tr>
<td>Manufacturing Courses</td>
</tr>
<tr>
<td>IE 448: Manufacturing Systems Engineering</td>
</tr>
<tr>
<td>IE 561: Total Quality Management</td>
</tr>
<tr>
<td>IE 572: Design &amp; Evaluation of Human-Computer Interaction</td>
</tr>
<tr>
<td>IE 577: Human Factors</td>
</tr>
<tr>
<td>Engineering Courses</td>
</tr>
<tr>
<td>IE 452: Introduction to Systems Engineering</td>
</tr>
<tr>
<td>IE 560: Engineering Risk Analysis</td>
</tr>
<tr>
<td>IE 581: E-Commerce Systems Engineering</td>
</tr>
<tr>
<td>IE 582: Enterprise Modeling &amp; Integration</td>
</tr>
<tr>
<td>IE/AerE 568: Large-Scale Complex Engineered Systems</td>
</tr>
<tr>
<td>IE 503: Introduction to Sustainable Production Systems</td>
</tr>
<tr>
<td>ME 525: Optimization Methods for Complex Designs</td>
</tr>
<tr>
<td>AerE 563: Intro to Multidisciplinary Design Optimization</td>
</tr>
<tr>
<td>AerE 554: Metaheuristic Optimization &amp; Modelling for Complex System Design</td>
</tr>
<tr>
<td><strong>Software Courses</strong></td>
</tr>
<tr>
<td>IE 581: e-Commerce Systems Engineering</td>
</tr>
</tbody>
</table>

1 Other from any graduate program (optional)

Elective courses are subject to change by IMSE Department

The student’s major professor will be the Director of Graduate Education for Systems Engineering, who is responsible for monitoring progress and providing guidance on coursework. The major professor approves each student’s program of study (POS).
**Systems Engineering Certificate Option**

The complete requirements for the Systems Engineering Certificate option include the following:

**Systems Engineering Certificate**

**Intro/Core (required first year)**

- IE 563: Engineering & Systems Management  
  Fall
- IE 565: Systems Engineering and Analysis  
  Spring

**Core (required to pick 2)**

- IE 564: Decision Analysis in System Design  
  Spring
- IE 560: Engineering Risk Analysis  
  Alt. Fall (Odd)
- IE 570: Systems Engineering and Project Management  
  Spring
- IE 585: Requirements & Architecture Engineering  
  Alt. Spring (Odd)

The student’s major professor will be the Director of Graduate Education for Systems Engineering Certificate Option, who is responsible for monitoring progress and providing guidance on coursework. The major professor approves each student’s program of study (POS).
Engineering Management Coursework-Only Option

The complete requirements for the Engineering Management program coursework-only option include the following:

Engineering Management Program

Intro/Core (required first year)

IE 563: Engineering & Systems Management  
IE 565: Systems Engineering and Analysis

Core (required)

SCM 524: Strategic Process Analysis & Improvement  
IE 570: Systems Engineering and Project Management  
MGMT 583: Strategic Management of Innovation  
ACCT 581: Accounting for Decision Making

Electives

Engineering Courses

IE 564: Decision Analysis in System Design  
IE 560: Engineering Risk Analysis  
IE 561: Total Quality Management  
ConE 380: Engineering Law

Business Courses

FIN 501: Financial Valuation & Corporation Financial Decisions  
MKT 501: Marketing  
MGMT 503: Professional Responsibility in Business & Society

1 Other from any graduate program (optional)

*Elective courses are subject to change by IMSE Department

The student’s major professor will be the Director of Graduate Education for Engineering Management, who has responsibility for monitoring progress and providing guidance on coursework. The major professor approves each student’s program of study (POS).
5. **CHRONOLOGICAL LIST OF ITEMS NEEDED TO OBTAIN THE DEGREE**

All forms noted below can be found on the Graduate College website at [http://www.grad-college.iastate.edu/common/forms/student_forms.php](http://www.grad-college.iastate.edu/common/forms/student_forms.php)

<table>
<thead>
<tr>
<th>Items</th>
<th>Completion Date</th>
<th>Form</th>
</tr>
</thead>
<tbody>
<tr>
<td>Application for Graduate College</td>
<td>Before the completion of nine credit hours of coursework at ISU (non-degree seeking students)</td>
<td><a href="http://www.admissions.iastate.edu/apply/graduate.php">http://www.admissions.iastate.edu/apply/graduate.php</a></td>
</tr>
<tr>
<td>Program of Study Approval</td>
<td>Before completing 12 credits of graduate work</td>
<td>&quot;Program of Study&quot; online form <a href="https://www.grad-college.iastate.edu/student/forms/">https://www.grad-college.iastate.edu/student/forms/</a></td>
</tr>
<tr>
<td>Application for Graduation Filed</td>
<td>Before the semester of graduation begins</td>
<td>&quot;Application for Graduation&quot; online form <a href="https://www.grad-college.iastate.edu/student/forms/">https://www.grad-college.iastate.edu/student/forms/</a></td>
</tr>
<tr>
<td>Request for Graduation Check/Approval</td>
<td>Before the semester of graduation begins</td>
<td>“Coursework Only Final Check” online form <a href="https://www.grad-college.iastate.edu/student/forms/">https://www.grad-college.iastate.edu/student/forms/</a></td>
</tr>
</tbody>
</table>

6. **DESCRIPTION OF THE CHRONOLOGICAL LIST OF ITEMS THAT MUST BE COMPLETED TO OBTAIN THE DEGREE**

6.1. **COMPLETE APPLICATION FOR GRADUATE SCHOOL**

- You must be admitted to the Graduate College before you complete more than nine hours of coursework at ISU. That is, if you are taking courses as a non-degree (undeclared) student, do not take more than nine credits at ISU before you formally
apply to the Systems Engineering program. **Only nine credits taken before admission may be applied to the total number of credits required for graduation.**

- You may apply online at [http://www.admissions.iastate.edu/apply/](http://www.admissions.iastate.edu/apply/)

6.2. **Satisfy Graduate English Requirement, If Applicable**

- Non-native speakers or international students who do not have undergraduate degrees from U.S. universities must take the English placement test at the beginning of their first semester of enrollment. Students who do not pass the exam will be assigned to take one or more English courses. Please refer to the following link for additional details: [http://www.grad-college.iastate.edu/common/handbook/](http://www.grad-college.iastate.edu/common/handbook/)

For more information on dates and locations of the exams, please contact the following:

TESL/Applied Linguistics  
226 Ross Hall  
Ames, IA  50011  
Phone:  515-294-6398  
Email:  ept@iastate.edu

6.3. **Approval of Program of Study (POS)**

- Accomplish during the first semester of admission and absolutely before completing 12 credits of graduate work. If necessary, changes may be made to the POS at a later date by completing the “Modifications to the POS” form on Access Plus.

- List all courses applicable to the program.

- The Director of Graduate Education for Systems Engineering and Engineering Management will assist you with development of your POS.

6.4. **Request for Graduation Check/Approval List**

- Completed before the semester of graduation begins.

6.5. **Graduate College Handbook**

- For detailed information regarding the items described above, please consult the “Graduate Handbook.” The handbook describes Graduate College guidelines and procedures. It is a valuable reference for ISU students. You can also access the latest version of the handbook on the WEB at [http://www.grad-college.iastate.edu/common/handbook/](http://www.grad-college.iastate.edu/common/handbook/).
7. COURSES

7.1. SCHEDULE OF COURSES
- A schedule of courses provided for each semester can be found on the Engineering-LAS Online Learning webpage at http://www.elo.iastate.edu/
- Tentative course rotations can be found online at http://www.elo.iastate.edu/tentative-course-rotations/

7.2. REGISTERING FOR COURSES
- There are several options to register for courses. The student can register online through the following website https://accessplus.iastate.edu/NonAuth/R404/R4048.jsp

7.3. TRANSFER COURSES
- You may not transfer more than nine hours of coursework to be applied to your program of study if those courses were taken at ISU, and no more than eight hours from another accredited institution. In other words, at least twenty-two credits must be taken at ISU. The certificate program does not allow for transfer credits from outside ISU. You must receive a “B” or better on any transfer course. It is advisable to get the course approved with your major professor before you take the course. Provide a description of the course numbering system (in order for ISU to confirm that the course is a graduate level course) or some other type of evidence that the institution at which you took the course considers it to be a graduate course. Also provide a copy of the course syllabus, a catalog description of the course, the name of textbook(s) used for the course, and the name and telephone number of the course instructor. See the Graduate College Handbook for details.

7.4. TEXTBOOKS
- Textbook information is available from
  - University Book Store
  - Phone: 1-800-478-0048
  - On-line: http://www.isubookstore.com/

7.5. TUITION AND FEES
- Tuition and fees are subject to change. The latest updated information can be found on the Engineering-LAS Online Learning Web page at http://www.elo.iastate.edu/how-elo-works/tuition-and-fees/.
